PART 2 – Final Comments: *Do you feel that you team worked effectively together? What do you think contributed to the success/failure of your group work? Do you have any comments or concerns about this project? (please write something in this area to receive credit)*

- Yes, we worked really efficiently. Task didn't feel like burden as all the work was distributed fairly. Everyone was active. Everyone maintained the deadline. There was no rush at the last moment. Our project is about a platform between alumni and students. I think it will be helpful as I am in final year. I have faced the struggles when I was a fresher. It will help our juniors to be active from the very beginning about their goals.

PART 3 – Anything that I need to know? *Group dynamics, problems, etc... (please write something in this area to receive credit)*

- No, everything was really smooth. There was no communication gap. Everyone was serious about their part of job.
